"Well, I left my happy home to see what I could find out. I left my folk and friends with the aim to clear my mind out. Well I hit the rowdy road, and many kinds I met there, many stories told me of the way to get there. So on and on I go, the seconds tick the time out, there's so much left to know, and I'm on the road to find out."

"Well in the end I'll know, but on the way I wonder through descending snow, and through the frost and thunder, I listen to the wind come howl, telling me I have to hurry. I listen to the robin's song saying not to worry. So on and on I go, the seconds tick the time out, there's so much left to know, and I'm on the road to find out."

"Then I found myself alone, hoping someone would miss me. Thinking about my home, and the last to kiss me. But some times you have to moan when nothing seems to suit yer, but nevertheless you know you're locked towards the future. So on and on you go, the seconds tick the time out. There's so much left to know, and I'm on the road to find out."

"Then I found my head one day when I wasn't even trying, and here I have to say, 'cause there is no use in lying. Yes the answer lies within, so why not take a look now, kick out the devil's sin."

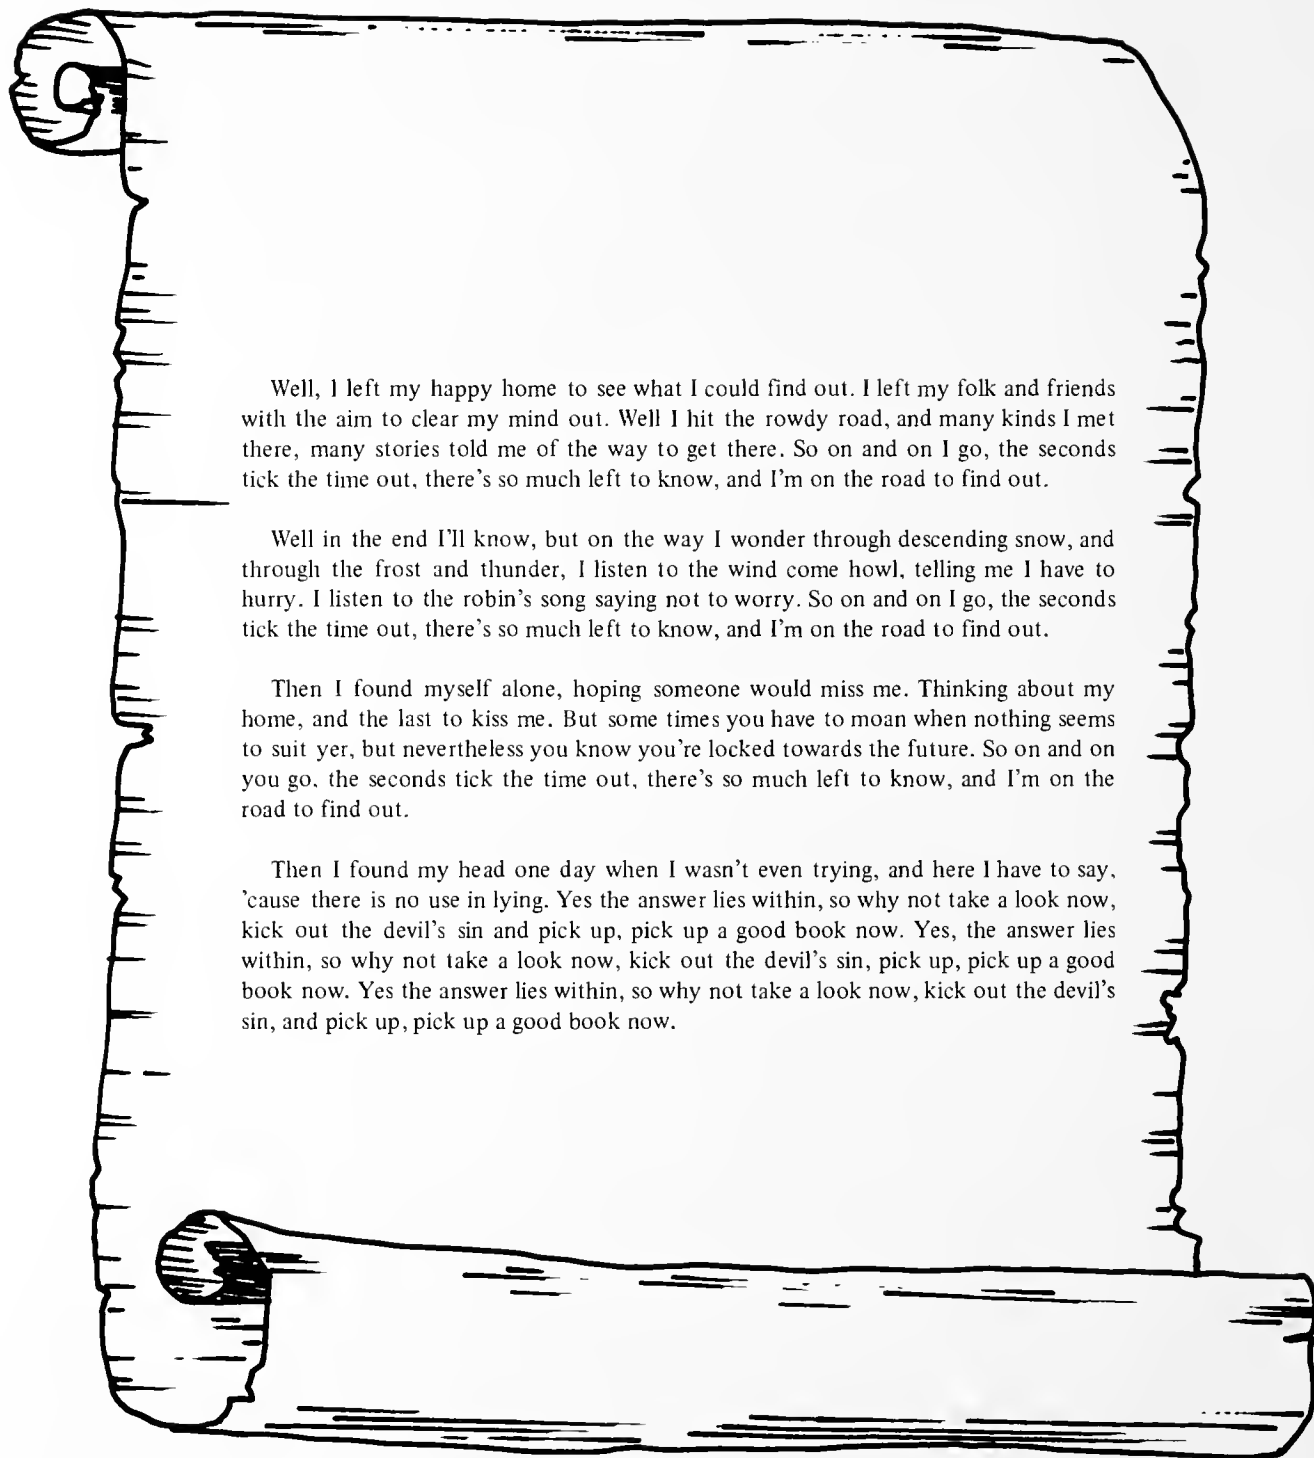

“and pick up, pick up a good book now. Yes, the answer lies within, so why not take a look now, kick out the devil’s sin, and pick up, pick up a good book now. Yes the answer lies within, so why not take a look now kick out the devil’s sin, and pick up, pick up a good book now.”

The Student Senate is the governing body which serves as a liaison between students and administration.

There are students on the Senate representing every class and dorm. Off-campus and commuters are also represented.

The Senate has done many things to try to bring the students and faculty closer together. They provide money for a Faculty Entertainment Fund so the faculty can have more of a social life with the students. They also started the Student Senate Distinguished Professor Award, which goes to a faculty member who exemplifies the attributes of a professor both in and out of class. The professor is chosen by a select student committee. They supervise the faculty evaluations in which the students evaluate their professors.

## The Builder

A builder built a temple,  
He wrought it with grace and skill;  
Pillars and groins and arches  
All fashioned to work his will.  
Men said, as they saw its beauty,  
"It shall never know decay;  
Great is thy skill, O Builder!  
Thy fame shall indure for aye."

A teacher built a temple  
With loving and infinite care,  
Planning each arch with patience,  
Laying each stone with prayer.  
None praised her unceasing efforts,  
None knew of her wondrous plan,  
For the temple the Teacher builded  
Was unseen by the eyes of man.

Gone is the Builder's temple,  
Crumpled into the dust;  
Low lies each stately pillar,  
Food for consuming rust.  
But the temple the Teacher builded  
Will last while the ages roll,  
For that beautiful unseen temple  
Was a child's immortal soul.
